

INDICE DEI CAPITOLI

Epidemiology

Edoardo Agosti, Francesco Belotti, Marco M. Fontanella

Pathogenesis of posterior cranial fossa meningiomas

Simona Serioli, Edoardo Agosti, Marco M. Fontanella, Maria Peris Celda

Histopathology and diagnostic molecular pathology

Pietro L. Poliani

Anatomy of the posterior cranial fossa

Edoardo Agosti, Simona Serioli, Matteo De Notaris, Luciano C. Leonel, Stephen Graepel, Marco M. Fontanella, Maria Peris Celda

Posterior cranial fossa meningioma imaging

Lorenzo Ugga, Sergio Corvino, Mario Tranfa, Alessandra Scaravilli, Edoardo Agosti

Intraoperative neurophysiology during surgery for posterior fossa meningiomas

Alessandro Boaro, Sonia E. Nunes, Francesco Sala

Indications for surgery

Francesco Belotti

Asymptomatic lesions

Marco M. Fontanella, Edoardo Agosti

Posterior fossa meningioma embolization

Esteban Quiceno, Nader Delavari, Amna Hussein, Michihiro Tanaka, Peter Nakaji

Intraoperative neuronavigation and ultrasound

Edoardo Agosti, Marco M. Fontanella, Pier P. Panciani

The role of intraoperative ultrasonography elastography

Giuseppe Maria Della Pepa

Intraoperative virtual reality

Walter C. Jean, Miguel Sáez-Alegre, Edinson Najera

The role of exoscope and microscope in posterior fossa meningiomas surgery

Andrea Di Cristofori, Giorgio Carrabba, Carlo G. Giussani

Endoscopy for posterior fossa meningiomas: endoscope-assisted transcranial approaches and endoscopic transnasal surgery

Ginevra F. D'Onofrio, Lara Brunasso, Pierpaolo Mattogno, Liverana Lauretti, Mario Rigante, Davide Mattavelli, Alessandro Olivi, Marco M. Fontanella, Francesco Doglietto

Cerebellar convexity meningiomas

Esteban Quiceno, Amna Hussein, Scott Seaman, Peter Nakaji

Tentorial meningiomas

Abdullah Al Awadhi, Simone Grannò, Aria Nouri, Karl Schaller

Posterior petrous bone meningiomas

Fabio Calbucci, Riccardo Draghi, Ignazio Borghesi, Lorenzo Ugga, Antonio Fioravanti, Amanuel Giudici, Simona Serioli, Marco M. Fontanella, Edoardo Agosti

Petroclival meningiomas

Thibault Passeri, Ting T. Jiang, Jonathan Chainey, Jerold Justo, Pierre O. Champagne, Stefan Lieber, Michelle Grouls, Marc A. Labeyrie, Rosaria Abbritti, Sébastien Froelich

Foramen magnum meningioma

Yuhai Bao, Xinru Xiao, Jiantao Liang, Jie Bai, Gang Song

Jugular foramen meningiomas

Sanjeev Pattankar, Rohan Roy, Basant K. Misra

Stereotactic radiosurgery

Alfredo Conti, Stefano Pergolizzi

Posterior fossa meningiomas: radiation therapy

Michela Buglione di Monale e Bastia, Giorgio Facheris, Andrea Guerini, Stefano M. Magrini

Chemotherapy, hormonal therapy, and targeted molecular therapies

Patrick Y. Wen
